

New Bulk Certificate Downloader Guide

Key benefits

- **Download large volumes with ease** – Prepare downloads of more than 500 certificates without needing to keep the page open while they are generated.
- **Receive downloads by email** – For larger requests, a download link is emailed to you as soon as your certificates are ready.
- **Access new completions sooner** – Newly completed course certificates are available to download on the same day.
- **Improved user experience** – An updated interface makes it easier to select and download the certificates you need.
- **Faster, more reliable performance** – Improvements to the downloader and certificate generation provide a quicker and smoother experience.

Completion Date

Download Certificates

Use the Bulk Certificate Downloader to download certificates for specific branches, learners, or courses. You can select individual options or include all available branches, learners, and courses.

You can also filter certificates by course completion date. Enter a start date and end date to download certificates for courses completed within a specific date range.

Once you have selected the required branches, learners, courses, and completion date range, select Download Certificates.
